

PERSONALIZED FINANCIAL AID AWARDS PACKAGE

COMMUNICATE THE TRUE VALUE OF YOUR INSTITUTION AND MOTIVATE FAMILIES TO ENROLL

Many families prioritize the perceived value and affordability of a college or university above nearly all other factors. We've developed a package that allows you to drive home that your institution is worth the investment, while also making it easier for families to grasp the finer points of their admitted student's financial aid and scholarship offer.

This attention-grabbing, stylized piece uses variable data integration technology to communicate the complex details of an individual's financial package in an easy-to-understand format. With an attractive on-brand design, the piece also features additional messaging that positions your school as an economical choice, along with a prominent call-to-action that encourages the recipient to submit an enrollment deposit. For maximum impact, we'll provide both a printed mailer and a personalized PDF for each student. Plus, you can decide which of our three options best suits your needs and budget.

If you feel like your financial aid award statement is as dry and complex as the Department of Education regulations, then Spark451's full-color, personalized digital and printed solution will set your school apart.
